You know that feeling when you've got information that could change someone's life for the better and you can't wait to tell them?? Well that's how I've felt since last night after I talked to Steve and the gang at Forex BulletProof and I can FINALLY reveal the good news to you! The scam robot wave has officially come to an end! As of this very moment, the 10,000 available copies of Forex BulletProof are now on sale. But you have to hurry- over 15,000 people are on the waiting list, which means that one third of you won't be fast enough and will miss out on the opportunity to own this industry changing robot! And in case you've forgotten what makes this robot so special, here are just a few of the INCREDIBLE highlights:

- Forex BulletProof has averaged a 5% monthly gain for the last 6 (yes, SIX) years!
- Over 4000 lines of code make up this robot, while the average EA has just 409 lines!
- BulletProof is the FIRST commercially available FX robot to be coded for Strategy Trader, the latest trading platform from FXCM! That's right- an industry FIRST!
- Did I mention the live support and video tutorials?! And the super low price?? I think Steve has lost his mind (he could easily have priced this robot much higher), but you should seriously take advantage of it!

Oh, and don't forget to check the bottom of the page to see if you are one of the 10 lucky winners of a FREE copy of BulletProof! I am positive that this EA is going to change your life for the (much!) better, so don't miss out! Drew: Forex BulletProof is LIVE...Go here and download this 6 years NO LOSS software \*NOW\*...then keep reading to access my \$997 LIMITED & fully AUTOMATED bonus. For the first time EVER, I've decided to recommend another product other than my own. I never thought I'd see the day.

I've used over 550 different trading systems and I've traded for over 23 years, and apart from my own system, this is the only one I'm going to be testing out for a LONG time. It's not every day that a system PROVEN to go 6 YEARS without a loss, hits the shelves. This is without doubt an amazing creation - just look here...I'm so excited about this new amazing software, I've prepared my own exclusive \$997 BONUS for you. I've teamed up directly with the guys at FBP to give you a tool so awesome it will shock you.

The Xtreme FX Sniper is currently a private trading software I use so I have some BAD NEWS. But ONLY 53 Copies are available. That's because this is highly private. It will NEVER be released to the public. Remember
